ABOUT US

Anvita Builders is a dream which became reality for its Managing Director, Mr. P.G Anil Kumar. Previously, he was the proprietor of P.G Constructions in Karnataka, which had set a standard among the builders and the state by completing many government and private projects which includes apartments, quarters, roads, pipeline works for NMDC, JSW Steel Ltd., Karnataka PWD, Gulbarga University and many other projects. They were also the registered contractors for L & T and together they completed the NH project in Karnataka. He also founded the Vaastu Structure Pvt. Ltd. and completed many residential apartment projects in and around Bangalore. In 2007, He then moved to Kerala and started building apartments and villas in the name under the brand name "Anvita Builders". With 25 years of experience in this field and the expertise in Civil engineering, he is able to leave an impression of the finest, elegant, safe & perfect living which can alter the face of real estate in a good way.

Anvita always upholds the value of our tradition and culture; its innovative design philosophy aims to combine the quality of constructions as well as in understanding the budgetary and life-style needs of its clients and delivering them impeccably.

We are firmly committed to carry forward the long legacy and rededicate ourselves to the service of our customers.

GEO TEXTILES

Coir Bhoovastra or geo textiles are the most ecofriendly, economical and effective tool to tackle soil erosion and slope stabilization. These permeable textile fabrics prevent the soil from migrating, while maintaining the water flow. Also, it is a panacea for many environmental issues of modern days. These meshes, netting, needled felts and pads, erosion control blankets, geo rolls, vegetation fascines, geo cushions, geo beds and anti-weed blankets are quick and easy to be installed too. Also, they ensure high performance, smooth finish and reliability.

ORGANIC FOOD

GREENS FOR A GREENER LIVING

Organic food is the demand of this era gripped with food related worries. As farming has become a lucrative business which lacks its ethics, planters use chemicals to harvest more quantity of items and to stay them look fresh. Hence such food items enter our dining tables daily; they gradually collapse health and harmony of human body. To combat it, Anvita arrays freshly collected fruits and veggies from its own land and selected farmers at your nearest stores with an assurance of items untouched by synthetic pesticides or fertilizers.

SPICES

Spices are not just garnishing or flavouring agents. Beyond them, they are medicines rich with protein, iron, magnesium, calcium and many micronutrients. Also, antioxidants in spices prevent ageing and eases absorption of nutrients. So, make it a routine spices are part of your daily diet. Moreover, spices grown and harvested in the fertile land of Kerala, are found three times nutritive than any other variant. So, next time you buy, ensure your box is sealed with Kerala zest or you get them in Anvita packing.
